TYPICAL REQUIRED INSPECTIONS FOR PATIO/PORCH/DECK ROOF COVERS*

To schedule an inspection, call (801) 446-5327 at least one working day in advance before 4:00 p.m. (Inspections cannot be scheduled after 4:00 p.m.) You may request an hour block of time in which the inspector will arrive.

Type	Brief Description
1st Inspection	**Footing Inspection:** When steel and forms are in place prior to pouring concrete.
2nd Inspection	**Rough Framing/Electrical Inspection:** If there is any electrical roughed in, or when the underside of the roof will be covered when complete a rough framing/electrical inspection is needed.
3rd Inspection	**Weather Barrier Inspection:** When the underlayment or lath before stucco, stone, brick or siding is installed, but before the exterior coating is applied.
4th Inspection	**Final Inspection:** When the roof cover is completed.

*May not be a complete list. Some unique construction on your project may require additional inspections. Be sure you communicate with the inspector to determine which inspections will be required for your project.
